You will recall that David R. Wahl is a suspected Soviet espionage agent and a contact of extreme importance of many subjects in the Gregory case. He is also the Washington representative of the American Jewish Conference. You may also recall that Mary Jane Keeney, the wife of Philip O. Keeney, presently in Japan, is suspected of being engaged in Soviet espionage and is also an important contact of Gregory case subjects. Mary Jane Keeney has been endeavoring to leave Washington to join her husband in Japan as the dependent wife of a civilian employee of the War Department. On Saturday night, March 29, 1947, David Wahl had a farewell party for Mary Jane Keeney at his home in Kensington, Maryland.

In connection with this party the Washington Field Office has advised that a spot surveillance was maintained in order to determine who were present. The first guests who arrived were Mr. and Mrs. Chet Sinclair of the State Department. They parked their car around the block from the Wahl residence and circled the block on foot looking over every automobile en route to the Wahl residence. When the party was over at approximately midnight, the Sinclairs were the first to leave. They again looked over the automobiles in the vicinity.

As another interesting incident in connection with this party, the next guests to leave were Mr. and Mrs. Mikhail Vavilov of the Soviet Embassy; and when the Vavilov's left they started off so fast that the automobile almost overturned. No effort was made to surveil anyone away from the party and there are no indications that Wahl or any other guests have identified the automobile.

ACTION

The foregoing is for your information to show that this group are suspicious in their actions

There is being attached hereto a letter to Jack Neal of the State Department summarizing the above, in view of the presence of Chet Sinclair.

Reference is made to the memorandum from E.G. Fitch to D.M. Ladd dated March 19, 1947, and to the memorandum from J.C. Strickland to D.M. Ladd dated March 31, 1947, pertaining to the above matter. A check was made of the working and multiple appearances of telephone cables supplying facilities for the resident telephones of Robert Talbott Miller, III, Donald Niven Wheeler, and Woodrow Wilson Borah on the afternoon of April 4, 1947 by Mr. Pfaffman of the Laboratory. All terminal and wire facilities inspected were found to be free of any connections. The facilities at the central office exchanges were not checked but all other facilities were physically inspected and the wires checked up to the point of entrance into the respective residence building or apartment. (S)(u)

All telephone data has not yet been obtained for P. Bernard Nortman but a similar check will be made on the residence telephone of this individual as soon as the necessary data becomes available. (S)(u)

There is attached hereto a sheet listing the technical data showing the checks made in detail. (S)(u)

Mr. Pfafman of the Laboratory advises that the check of the facilities of the residence telephone of P. Bernard Nortman was made on the morning of April 8, 1947, and everything was found to be in good condition. It is noted that the telephone service of this individual is a two party line and the second party is a Mr. L.L. Kullenberg, residing at 503 Brook Drive, with the telephone number Falls Church 2508-R. The technical data relative to the detailed check is being attached separately.

STATE DEPARTMENT - ADMINISTRATIVE
SECURITY AND INTELLIGENCE DIVISION

~~CONFIDENTIAL~~

Reference is made to Mr. Fit memorandum for Mr. Ladd dated March 19, 1947, relative to the above-entitled matter, discussing possible coverage of FBI telephone lines by the State Department, assisted by representatives of the Alcohol Tax Unit.

In accordance with the Director's instructions, arrangements are being made immediately to check any wire coverage which may exist of the FBI direct line to the office of Mr. Jack Neal. Unless otherwise instructed, this check will be carried out by Mr. Pfafman assisted by one of his contacts in the telephone company. It is pointed out in this connection that through the use of such an outside telephone contact, it may be possible to make the entire check without the knowledge of the telephone employees in the State Department Building. This would be desirable since the telephone employees in the State Department Building may be working with Klaus and the Alcohol Tax Unit Crew. On the other hand, it would appear that no serious consequences would result should our men encounter the State Department telephone employees since we have always gotten good cooperation from them before and we have every right of course, to check our own line. (S) u

With regard to the possible coverage of subjects in the Gregory case, by the State Department, it is my understanding that we have technical surveillances in this case in many offices throughout the Field, and, it is pointed out that, if the State Department is enlisting the assistance of the Alcohol Tax Unit, it is entirely possible that such coverage may have occurred in other offices than Washington. Accordingly, it is suggested that the Security Division will wish to have all offices, including the Washington Field Office, in which such technical surveillances are in progress, make a check of possible coverage of such lines by the State Department, in accordance with the Director's instructions. It is pointed out in this connection that many of these surveillances have been installed through assistance of Field Office contacts, and it is felt the Field Offices are in the best position to conduct such a check of their respective installations, thereby keeping the number of telephone employees who are involved in the matter at a minimum. (S) u

RECOMMENDATION:

A check of the direct line to Jack Neal's office will be carried out as indicated above by the Laboratory and it is suggested that the Security Division issue the necessary instructions in connection with the check by the Field.

STATE DEPARTMENT - ADMINISTRATIVE

Reference is made to the attached memorandum from Mr. I.W. Conrad to Mr. Harbo dated March 29, 1947, concerning possible coverage of the telephone lines of subjects in the Gregory Case by the State Department assisted by representatives of the Alcohol Tax Unit. (u)

A review of the Gregory Case reflects that the following subjects and pertinent contacts presently or formerly were employed by the State Department and may be of interest to a certain faction within the State Department and their telephone lines may possibly be covered. (u)

Robert Talbott Miller III
Residence: 3223 Northampton Street, N.W.
Telephone: Ordway

P. Bernard Nortman
Residence: 411 Brook Drive, Falls Church, Virginia
Telephone: Falls Church 2508W

Donald Niven Wheeler
Residence: 6400 Mac Arthur Blvd, Brookmont, Maryland
Telephone: Oliver 4324 (u)

Woodrow Wilson Borah
Residence: 1929 16th Street, N.W.
Telephone: Adams 4286

SUGGESTION:

It is suggested that the Laboratory make a check of these telephone lines in order to determine if they are being covered by the State Department and if it is determined that such coverage is in existence, that further checks be made on other telephone lines of subjects in Washington and other field offices where technical coverage is maintained on subjects in the Gregory Case.

Office Memorandum

UNITED STATES GOVERNMENT

TO : THE DIRECTOR

DATE: 4-4-48

FROM : MR. EDW. A. TAMM

SUBJECT:

Concerning the attached memorandum from Mr. Ladd relative to the Gregory Case, I will of course go over with Supervisor Jones the instructions which are to be issued to the agents conducting these interviews, if you approve the procedure recommended in the attached. In addition, I believe that Mr. Ladd or myself should participate with Mr. Jones in the issuing of the instructions to the agents in the Washington Field Office who will handle the interviews there. I believe we can anticipate a number of circumstances which will arise and issue instructions in anticipation of these situations.

X-44 RECORDED

In view of the fact that the number of interviews in the New York Office may vary from 1 to 3 people, it would appear to be cheaper to have Mr. Jones go to New York than to attempt to bring the agents down here.

Reference is made to the attached letter from Mr. Douglas W. McGregor, The Assistant to the Attorney General, dated March 25, 1947, in which the Bureau was instructed to interview those subjects in this case who are now employed by the United States Government.

There is attached hereto for your approval a letter to Mr. McGregor identifying those subjects now employed by the Government and commenting upon the possibilities and extensiveness of the information that can be expected to be obtained from them, and, further, setting out names of other principal subjects in this case not employed by the Government who, in order to obtain as much information as possible concerning the Government employees, will be interviewed in order to bring this case to a logical conclusion. These interviews will be conducted unless immediate objections are made by the Department. The reasons why these additional subjects should be interviewed are set out in the attached memorandum.

There is also attached hereto for your approval a letter to the Washington, New York, Charlotte and Buffalo Field Divisions, instructing those offices to conduct these interviews as simultaneously as possible on April 15, 1947.

In connection with the interviews to be conducted next Tuesday, April 15, 1947, by Agents of the New York and Washington Field Offices, pursuant to your instructions I will proceed to New York Friday morning, April 11, and will confer with Agents of the New York Office Friday afternoon, returning to Washington in the evening. On Saturday morning at 9:30 A.M., in accordance with your instructions, I will talk to the Agents of the Washington Field Office in connection with these interviews.

You will recall that New York will have one and maybe two interviews; namely, Abraham George Silverman who is in private business in New York, and Harry S. Magdoff of the New Council for American Business who commutes between Washington and New York. The New York Office will also send an Agent to Charlotte to interview Mary Price at Greensboro, North Carolina, with an Agent of the Charlotte Office. *b1*

The interrogation summaries for Magdoff, Silverman, Price and Gregg will be furnished to the New York Office by me on Friday.

Prior to going to New York and the Washington Field, Messrs. Strickland, Harvey, and myself will confer with you sometime this afternoon in order to work out a definite policy and the procedures in connection with these interviews.

For your information, the interviews in connection with the Gregory case which are scheduled for April 15 will mean that the Washington Field Office will interview thirteen of the subjects with a possibility that only two of these subjects, namely Abraham Silverman and Harry Magdoff, by reason of their constant travel between Washington and New York, may be in New York for interview at that time.

and to send an Agent familiar with the case to Greensboro, North Carolina, as outlined in the letter of instructions to the field office.

This case has been supervised at the Seat of Government by Supervisor Floyd Jones, who is the only Supervisor at the Seat of Government who will know the details of this case as intimately as the numerous Agents both in New York and the Washington Field Office who have been working on the actual investigation of this matter for a year or more. The New York Office will have six or eight Agents who are thoroughly familiar with this case, having worked almost exclusively on it for a long period of time. The Washington Field Office will have at least eight or ten Agents who have devoted a large amount of time over a period of months to the case and who will be thoroughly familiar with it, and it was for this reason that the field was instructed to conduct the interviews, feeling that they would be thoroughly familiar with all of the details and ramifications of the case.

In anticipation of this plan, a letter was directed to the New York and Washington Field Offices on March 14, 1947, advising it was contemplated in the near future that interviews would be conducted simultaneously and at that time instructing them to prepare the necessary summary of the material and become thoroughly familiar with the matter in order that interviews could be simultaneously conducted.

In view of the above facts, I do not believe that this matter has been handled routinely but rather it has been given considerable thought and discussion in the Security Division in order that the greatest possible value will be derived from these interviews. In view of the fact that there will only be two interviews for the New York Office - one in Ontario and the other in North Carolina - I will arrange, in the event you approve, to have Supervisor Jones proceed to New York on the 11th to discuss this matter with the Agents to be assigned to these interviews, having him return to Washington to discuss with the Agents of the Washington Field Office on April 12 the interviews as they should be conducted in this area. It is not possible to assign Supervisors who are as familiar with this case to the interviews as would be the Agents in the field who are more intimately connected with the case, in view of the fact, as previously stated, this matter has been assigned for supervision to one Supervisor.

Wilmington, North Carolina and entered the University of Wisconsin in September of 1933 and attended to June of 1934. She took a regular BA Course and received average grades. The record indicated her permanent home address was 200 Howard Avenue, Passaic, New Jersey and her father and mother's nationality was listed as American. This record reflected that ELLEN MENAKER attended Passaic High School at Passaic, New Jersey and that her father's name was NICHOLAS MENAKER, a salesman residing at 200 Howard Avenue, Passaic. A letter was on file at the University of Wisconsin from N. C. MENAKER written on stationery of the Central Supply Company, Inc., 838 - 856 Main Avenue, Passaic, New Jersey with return address, 460 Franklin Avenue, Nutley, New Jersey.

The Transcript Section of the University Of Wisconsin indicated that a transcript on ELLEN MENAKER and ELLEN MENAKER's scholastic record was furnished to New York University on September 7, 1934 and to the Office of Emergency Management, New York City on June 11, 1943.

The indices of the Milwaukee Field Division contain no reference to ELLEN MENAKER or ELLEN MENAKER PERLO.

Dear Sir:

Re: GREGORY

MARY JANE KEENEY

There is being transmitted herewith a photographic copy of a calendar issued by the Communist Party of France, together with the translation from the French, as recently received by MARY JANE KEENEY. This calendar was made available by confidential informant who has advised that ROBERT G. LEWIS, 47 Rue la Fontaine, Paris XVI^e, sent it to MARY JANE KEENEY.

It is to be noted ROBERT G. LEWIS and his wife PRESTON LEWIS contacted MARY JANE KEENEY and ABEL PLENN during the fall of 1946. Thereafter the LEWISES sailed for Paris, France, where ROBERT is presently attending school and PRESTON LEWIS is employed at the American Embassy. In this regard, ROBERT LEWIS advised MARY JANE KEENEY he had contacted EMILIO ANDRES, husband of TERESA ANDRES, a librarian of Spanish origin who was active in the resistance movement in Paris during World War II. Both EMILIO and TERESA ANDRES are avowed communists, and at the time of the death of TERESA ANDRES it is known that the Mexican Communist Party newspaper published a feature article eulogizing TERESA ANDRES.

The calendar is being submitted for your information inasmuch as it is believed to be of interest in general communist matters.

Very truly yours,

Is. 100-3161

Employment (Cont'd)

July, 1939, to February, 1941,
ANTHONY WARD, U.S. Engineers, Huntington, W.
February, 1941, to present,
U.S. Engineers, Louisville

No previous addresses or names of his parents or relatives were available. The personnel file reflects his present job classification is Engineer, Structural, his salary grade P-3, \$4525.80 per annum. His file indicates he speaks fluent Spanish. He came to Louisville from Huntington, West Virginia, in February, 1941.

Mr. HUBER indicated MOYSE was working on civil projects and does not, in the ordinary course of his employment, have access to information and data concerning various confidential projects engaged in by the U.S. Engineers.

In view of the fact that MOYSE is employed by another Government agency, no further investigation is being conducted.

INSTRUCTIONS FOR INTERVIEWS WITH SUBJECTS

As you recall, the New York, Washington, Charlotte and Buffalo Field Divisions were instructed by letter dated April 4, 1947, to conduct interviews with approximately fifteen subjects in this case, both Government and non-Government employees, on April 15, 1947.

and the Charlotte Field Division will participate in the interview with Mary Wolfe Price at Greensboro, North Carolina. The New York Field Division will interview Abraham George Silverman and Robert Talbott Miller, III, in New York City. The remaining interviews will be conducted by the Washington Field Office.

Pursuant to your instructions and in view of the complexities that may arise in connection with interviews of Government employees, the interested offices were instructed to conduct the interviews after working hours in order to more favorably interview those in the Government.

G. I. R. - 5

In accordance with your instructions, Supervisor Floyd Jones had a conference with ASAC Belmont and Supervisor A. J. Tuohy and Agents of the New York Field Division handling this case on the afternoon of April 11 in the New York Field Office. The following instructions concerning interviews were given at that time:

1. The Agents were advised that you had emphatically stressed that this is the opportunity that we have been waiting for, and that the Agents should familiarize themselves with the subject that they are going to interview, as well as the activities of his known contacts; that they should follow through on every aspect of the case even if the person interviewed mentions individuals who are under current investigation in other Internal Security - C and R cases.

2. The office should be on the alert for any information coming through technical sources during and after interviews.

3. The Agents were instructed to obtain signed statements even if they are negative. They were instructed that they should prepare a statement and afford the subject an opportunity to sign it or decline to sign it.

4. The Agents were instructed not to furnish the subjects with a copy of their signed statement.

5. They were told that no interviews should be conducted in the presence of subjects' attorneys.

6. Instructions were given to the effect that two Agents should handle each interview, and that the subjects should be approached personally by the Agents at their home or place of business at a reasonable hour after 9:00 a.m. on the morning of April 15, 1947. These instructions were changed, however, on April 12, 1947, and the time of interview was decided upon as any time after 5:30 p.m. ASAC Belmont was telephonically advised of this change. It was pointed out that if the subjects were telephonically contacted prior to interview this would afford them an opportunity to obtain the services of an attorney. The Agents were told that the interviews should be conducted at the subject's place of business or home rather than at the field office unless the circumstances are such that the interview could not be conducted at either of the above-mentioned places. They were told that the subjects should only be invited to the field office under these conditions, or if the subject requests that he be interviewed preferably at the field office.

7. The Agents were cautioned to be on the alert for any instances which may at a later date cause the subjects to claim that they were subjected to duress or any action which might be construed as a violation of their civil rights; and that in view of the fact that we have no processes outstanding against the subjects, they should be treated as any other individual whom we have interviewed in the absence of outstanding process.

8. Instructions were given that the Supervisor or a designated Agent should be kept informed of any important admissions made by the subject during the interviews that may involve other subjects being interviewed. Further, if any important developments of an unusual nature come to the Supervisor's attention that the Bureau should be immediately notified telephonically.

9. Instructions were given that when the interviews are completed that the Bureau should be advised of the results by teletype stating that the subject either did or did not sign a statement and furnishing a summary of the results of each interview.

On Saturday morning, April 12, Mr. Tamm and I had a meeting with SAC Hottel, Mr. Mumford, Supervisor W. C. Ryan and Agents of the Washington Field Office handling this case. Similar instructions as those set out above were given to this group. The biggest problem of the Washington Field Office appeared to be the interviews with Nathan Gregory Silvermaster and his wife, Helen, and their boarder, William Ludwig Ullmann, all of whom reside in a large home together and all of whom are unemployed. The suggestion was made and it was agreed that Ullmann should be invited to the field office for interview in order to separate him from the Silvermasters, since it is doubtful that the three of them could be effectively interviewed at the Silvermasters' residence.
